

Bottesford Parish Council

Ad Hoc Street Adverts Policy

Context:

That the PC supports the right for organisations to advertise their events but at the same time has a responsibility to keep the streets clean of unnecessary, and out of date adverts.

Policies:

- The PC accept that people and organisations will want to advertise events.
- That adverts are acceptable up to two weeks before an event.
- Adverts should be taken down within two days of the end of the event, by the organisers.
- The PC will take down any adverts that fall outside this time window.
- On-going advertising for on-going clubs, societies is not an appropriate use of this policy and will be taken down.
- Organisations should then use the other forms of communication: noticeboards, Village Voice, etc

This policy was adopted by resolution of the Parish Council;

Date: 9th March 2020
