HOW TO USE STANDING ORDERS

Standing Orders are the written rules of a local Council. Standing Orders are essential to regulate the proceedings of a meeting. A Council may also use Standing Orders to confirm or refer to various internal organisational and administrative arrangements. The Standing Orders of a Council are not the same as the policies of a Council but Standing Orders may refer to them.

Local Councils operate within a wide statutory framework. Standing Orders incorporate and reference many statutory requirements to which Councils are subject. It is not possible for the Standing Orders to contain or reference all the statutory or legal requirements which apply to local Councils. For example, it is not practical for Standing Orders to document all obligations under data protection legislation. The statutory requirements to which a Council is subject apply whether or not they are incorporated in a Council's Standing Orders.

The Standing Orders do not include Financial Regulations. Financial Regulations are Standing Orders to regulate and control the financial affairs and accounting procedures of a local Council. The Financial Regulations, as opposed to the Standing Orders of a Council, include most of the requirements relevant to the Council's Responsible Financial Officer.

Standing Orders that are in **bold type** contain legal and statutory requirements. It is recommended that Councils adopt them without changing them or their meaning. Standing Orders not in bold are designed to help Councils operate effectively but they do not contain statutory requirements so they may be adopted as drafted or amended to suit a Council's needs.

For convenience, the word "Councillor" is used in Standing Orders and, unless the context suggests otherwise, includes a non-Councillor with or without voting rights.
